Sexual assault is any sexual contact made without consent. Consent is a clear yes, not the absence of no.

Dating/domestic violence refers to an ongoing pattern of controlling and abusive behaviors that individuals use against their intimate partners. These behaviors include physical, sexual, or emotional attacks and/or economic control.

Stalking is a course of conduct that causes the victim to experience serious emotional distress or to fear bodily injury or death. Conduct may include: sending the victim unwanted items or gifts; repeated calls, emails, or texts; showing up at the victim’s home, workplace, or class.

Options for Victims of Sexual Assault, Dating Violence, Domestic Violence, and Stalking

What about alcohol?

Responsible Action Guidelines
In those cases where a student has been a victim of sexual assault and/or violent crime while under the influence of alcohol, neither the Dean of Students, University Housing nor UW–Madison Police will pursue disciplinary actions against the student victim (or against a witness) for his or her improper use of alcohol (e.g., underage drinking). A student victim who is under the influence of alcohol at the time of a sexual assault is entitled to University and community assistance and encouraged to seek help.
